7 Reading

Read the interview. Choose the best title.

- a How to get good grades
- **b** International studies
- c Online learning

Amy is a student at an Internet school called InterHigh. We asked her about her school and studies.

Why do you go to InterHigh?

I didn't get good grades at my first high school. The teachers said I was lazy, but I wasn't. I was unhappy. I didn't like school.

When did you start InterHigh?

I started when I was 11, and now I'm 14. My grades are excellent, so my parents are happy. The teachers are kind, and everyone is friendly. It's a great school.

How do you learn?

Classes are Mondays to Fridays from 9 a.m. to 1 p.m. and I do homework in the afternoon. I follow the lessons on my computer. I can see and hear the teacher. It's like a normal lesson, but I'm at home. I download my homework and send it online. We don't use books!

Can you communicate?

Yes. I can ask the teacher questions and we discuss things in the lesson. I can chat with my friends, and we do projects together. There's an amazing school "library" in the "cloud". I can download lessons to revise for tests, or look up information.

Do you meet your classmates?

There are eighteen students in my class and they live all over the world, so it's difficult. I went to an InterHigh weekend last year in the U.K. and met the teachers. It was awesome!
