Trabajo Práctico N°20

Lunes 15 de septiembre:

1. Corregimos las preguntas 3, 4 y 5 del texto trabajado en clase.

1. Read the text:

What is your personal style?

It is fun to talk about clothes. "Personal style" is what you like to wear. Your style shows who you are. It is about what makes you feel happy. You have to be comfortable in your clothes. The best clothes are comfortable clothes. You can wear a T-shirt and jeans, or you can wear a nice dress or a skirt. Maybe you like a big, warm hoodie and cool sneakers. The most important thing is that you feel good. When you feel good, you look good, too!

You have to find your own ideas. You can look for ideas from people in your town or online. Look at photos of different clothes, the fabrics, colours. Maybe you like bright colours, like yellow and orange. Or maybe you like black and white clothes. You can also mix old clothes with new clothes. Don't worry about what other people think. Your style is special because it is your own.

Remember that your style can change. It is okay if your style changes. Maybe you like a different colour next month. Or maybe you want to wear different shoes. That is normal! You are a teenager, and you are changing. Your style can change, too. It is your choice. You can make it fun. Be creative and show the world who you are.
