Adventure Peak: Great Sports for Teens!

Are you looking for fun and excitement? Do you like taking risks? Come to Adventure Peak!

Try skydiving, parkour, rafting, and bungee jumping.

You can even try a big jump from a high bridge – if you are brave! There isn't a boring day at Adventure Peak.

=ADVENTURE=

"We were wearing safety ropes and helmets. I was very scared before we started. We walked to the edge of a high bridge. It was windy and cold up there. Then I jumped! I was very proud of myself. I am usually afraid of high places, but I loved my bungee jump!" — **Maya**

"I can't believe I went skydiving! We went up in a small plane and jumped. I was in a group of four people. We were falling through the air and guess what! We saw a big, beautiful rainbow in the clouds. I was afraid, but it was amazing! Awesome!" — **Leo**

"I did parkour on the last day of camp. We were running, jumping, and climbing over walls in the park. My friends were surprised because I usually prefer sitting on the sofa and playing video games. It was fast, but I am not going to do it again!" — **Sam**

"Rafting was my favorite activity. Five other campers were in the boat with me. We all wore life jackets and helmets. We rafted six kilometers down the river. I fell into the water four times! It was very cold, but our life jackets kept us safe. It was great!" — **Lucas**

1) Read the three summaries. Choose the one correct summary of the text.

- Summary A: Adventure Peak is a boring camp for teenagers. The teenagers do not like the activities because they are too dangerous and cold. No one wants to go back to the camp.
- Summary B: Adventure Peak is an exciting vacation camp for teenagers who like adventure. Four teenagers—Maya, Leo, Sam, and Lucas—share their stories. They tried bungee jumping, skydiving, parkour, and rafting. They were a bit scared, but they all had a great time.
- Summary C: Adventure Peak is a school where teenagers learn how to make safety clothes like helmets and life jackets. It teaches teenagers how to understand the weather and how to fix boats.

2) Choose the correct answer (A, B or C).

- 1 Why was Maya proud?
 - A) Because she was not afraid of the wind.
 - B) Because she tried the bungee jump, even though she is usually afraid of high places.
 - C) Because she had the newest safety ropes.
- 2 What did Leo see in the air?
 - A) A big rainbow.
 - B) Three other planes.
 - C) A dark cloud.
3. Why were Sam's friends surprised?
 - A) Because he does not like fast sports, but he did parkour.
 - B) Because he wants to do parkour again tomorrow.
 - C) Because he usually prefers playing video games, but he did parkour.
4. How long was Lucas's rafting trip?
 - A) Four kilometers.
 - B) Five kilometers.
 - C) Six kilometers.
5. What is true about all four teenagers?
 - A) They all fell into the water.
 - B) They all wore safety ropes.
 - C) They all did a difficult activity and enjoyed it.
